Our **Brockley Max 2009** theme is 'Creative Collaboration', a reworking of the 'CC' word otherwise known as the Credit Crunch.

We have venues, restaurants, bars, singers and artists alike, interweaving throughout the stretch of Brockley, setting the tone for the Max vibe.

Now in its eighth year we are all very proud of The Max's success and growing momentum. Chill bars, cafes as well as church organisations all join forces and play host to a vast array of painters, singers, performers and poets that reside in the locale of Brockley so that the community, family, friends and children can meet up during the summer to celebrate the unique spirit of our neighbourhood.

THANKS TO
